

NOTE: Colour and shade variation are inherent qualities in all fired ceramic products.

Using Middle Earth Cobble Pavers, home owners can create an interesting traditional paved environment for driveways, patios, swimming pool surrounds, pathways and barbecue areas. The Cobble Pavers have individual colour and patterns making unique textures and designs and offer a unique effect in lasting ceramic, non-slip, and colourfast tiles. Curves, swirls and circles can be obtained with minimum cutting.

**Benefits Middle Earth Cobble Pavers offer:**

- High Strength** - with a "tile quality" surface
- Suitable for driveways** - and paths and swimming pools
- Do not Reflect Sunlight** - will not dazzle
- Long Lasting** - easy to maintain and no pattern or glaze to wear out
- Colourfast** - will not fade with age (unlike concrete, will not effloresce through free lime in the cement)
- Factory Treated** - to protect the pavers from water absorption and frost protection
- Easily Installed** - can be installed on a compacted metal fines base (no concrete base required). Ideal for D.I.Y. installation.
