

NOTE: Colour and shade variation are inherent qualities in all fired ceramic products.

Middle Earth natural terracotta Sill/Pool Tiles have warm everlasting variegated colours which range from deep reds and browns to cream. They create long lasting edges which transcend fashion.

Natural terracotta tiles are 100% natural and are created by firing clay at high temperatures. They are timeless and have been in fashion for 4,000 years, they have often been copied but have never been replaced.

Advantages Middle Earth Sill/Pool tiles offer include:

- **Factory Treated** - to protect the tiles from water absorption and frost protection
- **Salt Safe** - perfect for around salt water and chlorinated swimming pools
- **Non-slip** - ideal for swimming pools and outdoor use
- **Colourfast** - will not fade with age (unlike concrete will not effloresce through free lime in the cement)
- **Do not Reflect Sunlight** - will not dazzle in bright sunlight
- **Long Lasting** - easy to maintain and are long lasting, they have no pattern or glaze to wear out

Tile Size	Grade	Salt Resistant	Slip Resistant	Kg's per tile	Tile Colours					
					Autumn Gold	Doeskin	Gunmetal	Sahara	Sunset Red	Terracotta
200x200mm Thickness 40mm	4-5	✓	✓	3
