Midas Touch

These days, when almost everything around us has been made by machine; the warmth and infinite variety of the human touch is especially welcome. From our hand-crafted tiles to our classic glazing techniques, everything we do is designed to make sure that each Middle Earth hand glazed tile bears traces of our touch and our hand glazed tiles with their special and individual style offer an exciting new concept in tile finishes.

Available in five sizes, the smaller sized tiles (50x50, 75x75 and 100x100) are individually hand cut before being tumbled to remove any sharp edges before being hand glazed. The larger tiles (150x150 and 200x200) tiles have been handcrafted. Each tile is unique and offers designers and home-owners walls and floors which are truly different from mass produced tiles. This quality, character, charm and vitality of our handmade tiles will create a special environment. For colours available refer to Middle Earth glaze colour list.
