A shape some times called "Retro Metro" because of the use of this shape in the London Underground, Middle Earth hand glazed 150x75 (we call them Block Tiles) is an old concept with a new twist. The Block tile is a common size used in older fireplace surrounds as shown in the picture, the tiles offer an interesting module for tile finishes and with our classic glazing techniques offer a special and unique style. The tiles are individually hand cut before hand glazing hand glazing, each tile is unique and combined offer designers and home-owners floors and walls which are truly different from mass produced tiles.

The quality, character, charm and vitality of our handmade tiles create a special environment. If you're an individual why settle for boring.
