Middle Earth Finger tiles are a new concept in tile finishes. The tiles have a "long and thin" look and when laid together offer a textured surface that gives a visual effect of length. The tiles are 210 x 25 mm which are individually hand cut before being hand glazed in one of our over 50 different colours. With hand glazing each tile is unique and combined offer designers and homeowners the ability to create features that are truly different from mass produced tiles.

At Middle Earth we are proud that from our hand-crafted tiles to our classic glazing techniques, everything we do is designed to make sure that each tile bears traces of our touch. Our new hand glazed Finger Tiles with their special individual style offer an exciting new concept in tile finishes.
