These days, when almost everything around us has been made by machine; the warmth and infinite variety of human touch is especially welcome. From our hand-crafted tiles to our classic glazing techniques, everything we do is designed to make sure that each hand glazed tile bears traces of our touch. Hand glazed Akaroa Squares with their special and individual style offer an exciting new concept in floor tile finishes. Each tile is unique and combined offer designers and home-owners floors which are truly different from mass produced tiles.

The shape of the Akaroa Square tiles, based on the Classic French Melange squares, we have called them "Akaroa Squares" in recognition of the early French settlers who settled in Banks Peninsular. Antique Akaroa Squares are hand made, and create new design opportunities. The tiles offer designers and home-owners floors which are truly different from mass produced tiles.
