

NOTE: These Middle Earth Tiles are Made in New Zealand and are Sustainable and Eco-friendly

Named after the Bow Ties of Peter Hudson and David Halls, the campy pair who hosted Television New Zealand's popular "Hudson and Halls" cooking show. Like Hudson and Halls who introduced many Kiwi's to exotic ways in the kitchen these tiles are unique and offer designers and home-owners the opportunity of creating unique colour mixes and textures.

The tiles are individually cut before being hand glazed in the full Middle Earth tile colour selection. This enables designers and home owners to "mix and match" and create that very special feature. At Middle Earth Tiles, when almost everything around us is made by machine, we believe the warmth and infinite variety of human touch is especially welcome. From our hand-crafting to our classic glazing techniques, everything we do is designed to make sure that each tile bears traces of our touch. Middle Earth "Hudson and Halls" tiles like their namesakes with their special and individual style offer an exciting new concept in tile finishes.
