Sail and Crescent Tiles

Middle Earth Sail and Crescent tiles are a new concept in tile finishes.

Sail tiles create sail or "saw-tooth" effect when laid together offering a visual textured surface.

Crescent Tiles can be "mixed and matched" like this example

The tiles are 150 x 150 mm which are individually hand crafted before being hand glazed in one of our over 50 different colours. With hand glazing each tile is unique and combined offer designers and home-owners the ability to create features that are truly different from mass produced tiles.

For colours available for Design Tiles refer to Middle Earth glaze colour list.
